## ELECTION DAY CLOSE AT HAND

And Democrats of  
State Are Confident.

State Chairman Eller Believes Majority  
Will Reach Fifty Thousand and Calls  
On Democrats To Work To Bring  
About This Result on Next Tuesday—  
If This Is Done Efforts To Place North  
Carolina With Doubtful States Will  
Cease—The Ticket.

Day after tomorrow is election day  
and the people of the State will cast  
their ballots for those whom they de-  
sire as State, Congressional, Judicial and  
county officers. The Democrats all over  
the State are confident of a larger ma-  
jority than they polled two years ago.  
In this district and county the Demo-  
crats are especially enthusiastic and  
have no fear but that their majority  
will be materially increased.

State Chairman Eller last night is-  
sued the following statement:

Raleigh, Nov. 5.—A Democratic vic-  
tory next Tuesday is as certain as any  
human event can be. The size of the  
majority is all that remains in doubt.  
It rests with us to make the victory  
decisive and final or to make it so in-  
decisive as to render necessary a repeti-  
tion two years hence of the campaign  
we are just concluding. If we merely  
hold the majority of two years ago the  
result of this campaign will be indecis-  
ive and our efforts must be repeated in  
1912, but if we increase our majority  
to 50,000 all efforts to place North  
Carolina in the list of doubtful states will  
cease. Is it not worth while to exert  
ourselves and for the next decade, at  
least, make North Carolina so certainly  
Democratic that no efforts will be made  
by the National Republican party to  
carry it, and thus insure for our State  
a continuation of the peace and prosper-  
ity now enjoyed?

To the end therefore that we may  
make our work final, and to the end that  
we may make unnecessary a biannual  
repetition of the present campaign, I now  
call upon all Democrats to join in a  
movement to register a majority of 50-  
000 next Tuesday. I suggest that all  
Democrats cease that day from their  
ordinary vocations and each one do what  
lies within his power to bring about this  
result. Those who employ others in  
their stores, factories, or on their  
farms, can well afford to suspend work  
one day that their employees may have  
a full opportunity to exercise their  
franchise and exert their influence  
around the polls. I suggest further that  
as far as possible every Democrat cast  
his vote early in the day so that ab-  
sentees may quickly be discovered and  
encouraged to come before the polls close.

Fellow Democrats one good day's work  
next Tuesday means the end of Butler  
and the end of all efforts to change  
North Carolina into a Republican State.

A. H. ELLER,  
Chmn. State Democratic Ex. Com.

Raleigh, Nov. 5.—With election day  
almost at hand State Democratic Chair-  
man A. H. Eller, discussing the political  
situation in North Carolina said tonight:

"The people of the State are aroused  
to the importance of the issues this year  
as never before in recent years and in  
spite of the fact that this is an off year  
election it looks like the vote will be  
very full. If such is the case the Demo-  
cratic majorities will be materially in-  
creased. The same reasoning satisfies  
us that 11 ten of our candidates for  
Congress are safe. The new registrations  
clearly point to this conclusion and polls  
of the counties indicate increased Demo-  
cratic vote and majorities almost every-  
where.

"Senator Butler's so-called defense or  
explanation of his connection with the  
bond syndicate has established all that  
we have contended. And, moreover, he  
has no defense for the grave charges  
that while holding his commission as  
United States Senator from North Caro-  
lina he took dangerous and ugly employ-  
ment against the State.

"The desperation in which our oppo-  
nents find themselves is further shown by  
their resort to a corruption fund which  
is now understood to be in the hands of  
workers in several districts. Further  
evidence of this is the making of bogus  
tickets and stickers and spreading them  
around to be used by their election  
manipulators in efforts to win members

of the Legislature and other  
through this kind of fraud."

STAMP OUT BUTLERISM.  
Business Men of Laurinburg Will Close  
Shop and Work Tuesday.

Laurinburg, Nov. 5.—The leading busi-  
ness men of Laurinburg, the county seat  
of Scotland, where the great revolution  
of 1898 started, and which resulted in  
redeeming the State from the ruin and  
disgrace of Russellism and Butlerism, be-  
ing profoundly impressed with the im-  
portant issues involved in the approach-  
ing election, have decided that it is best  
to close their places of business on  
Tuesday and give one day in a deter-  
mined effort to stamp out forever the men-  
ace of Butlerism and his scheme to col-  
lect millions of repudiated bonds; and  
they appeal to their fellow citizens in  
every part of the State to join hands  
with them in one final effort to prevent  
the demoralization and unrest that would  
inevitably follow a triumph of Butler.

## SETTLE TICKLES A LARGE CROWD

Great Merriment at  
Republican Rally.

Chief Speaker Shows Up Well As An  
Entertainer—Democrats Laugh With  
Him As Much As Anybody Else—Says  
the South Must Go Republican or Suf-  
fer For It—Discusses Local Self-Gov-  
ernment.

The Republicans had a large crowd  
and much enthusiasm at their rally at  
Neese's Hall last night. The rally was  
first announced for the Auditorium but  
during the day yesterday it was decided  
to hold it in Neese's Hall.

The presence of the large crowd was  
due to the reputation of Tom Settle  
as a brilliant speaker and its enthusiasm  
was due to the fact that Mr. Settle ful-  
ly maintained his reputation last night  
—and then some. Many Democrats were  
present for they knew that Tom Settle  
would entertain them as thoroughly as  
a four-ring circus.

The first speech of the evening was  
by David H. Blair, Republican nominee  
for Congress. He is only an indifferent  
speaker and the crowd showed visible  
signs of impatience—they wanted to see  
and hear the star. Mr. Blair discussed  
protection at length and declared the  
Democrats wanted to lower the prices  
the farmer is getting for his products  
and the wage the laborer is earning.  
He quoted from Senator Gore when he  
was a Populist and in his youthful  
ardor was attacking the Democratic  
party. He had something to say about  
Governor Kitchen's attitude on the free  
silver question when he was a Congress-  
man.

Mr. Settle spoke two or three times as  
long as the gentleman who preceded him  
and though a good many got up and left  
those who remained were repaid for their  
trouble by his humorous speech. He ridi-  
culed the Democrats at a great rate, the  
Democrats present apparently enjoying  
his laughable thrusts as much as any-  
body else.

He took up quite a good deal of time  
in defending the protective tariff. He  
said "Dixieland" was rich because of  
high protection.

Insurgency was discussed at length  
and in a way to show that Mr. Settle  
is a standpatter of the standpatters  
and a Canonite of the Canonites. There  
was a note of bitterness in his remarks  
about the insurgent Republicans. They  
were embarrassing the national Re-  
publican party he said. But the national  
Republican party could come to terms  
with them in 24 hours, and was unto  
Dixieland if this should be done, for it  
would mean free lumber, free coal, free  
iron ore and free facilities of the sort  
manufactured in the South. "We don't  
need you," he shouted, referring to the  
South. Then he went on to declare that  
if the South didn't stop voting from  
passion and prejudice, the national Re-  
publican party would get together with  
the insurgent Republicans and leave the  
South out in the cold.

He paid his respects to Josephus Dan-  
iels, who, he declared, was the Demo-  
cratic boss in the State, so much so that  
his followers ought to be called Josephus-  
ites instead of Democrats.

Discussing the local self-government  
plank in the Republican platform he said  
it applied to every question which is a  
legitimate matter of local self-govern-  
ment.

The various Democratic administra-  
tions of the last ten or twelve years  
were roundly condemned for various and  
sundry delinquencies.

The only thing the Democrats were  
saying in this campaign, he asserted,  
was "Butler, Butler, Butler." At fre-  
quent intervals he would make this as-  
sertion, pronouncing the name in a par-  
rot-like way that was funny enough to  
make a horse laugh.

Seated on the stage with the speakers  
were County Chairman H. B. Worth,  
Republican Leader Bob Campbell, of  
Proximity, and Jas. D. Pannill, of  
Reidsville. State Chairman Morehead  
hovered around the outskirts of the  
crowd looking like he was afraid some-  
body would recognize him.

There was scattering of negroes in the  
gallery.

If you need a range, cook stove, heater,  
or any thing in kitchen ware you will  
save money by going to Murphy Bros.

## THE CITY WILL BURN RUBBISH

Temporary Furnace to  
be Provided.

Civic Department of Woman's Club  
Through Agitation Healing Municipal  
Sore—People Should Patronize City  
Garbage Wagons Instead of Hiring  
Private Drays to Cart Trash Off and  
Maybe Dump It Elsewhere In City.

The official reporter of the Civic De-  
partment of the Greensboro Woman's  
Club disclaims the authorship of the ar-  
ticle which appeared a few days ago in  
The Telegram, which, it seems, Health  
Officer Simpson construed as reflecting  
upon him, and which called forth his let-  
ter appearing in each of the city dailies.  
The official reporter feels that she owes  
it to herself and to the club to keep his  
story straight, hence this word of ex-  
planation.

This writer has always recognized in  
Mr. Simpson a faithful and efficient of-  
ficer, one who has shown himself will-  
ing at all times to lend his cordial sym-  
pathy and support to any movement  
looking to an improvement of health  
conditions in Greensboro; one who has  
accepted suggestions from the ladies of  
the civic department in the spirit in  
which they were made, and who has aid-  
ed, whenever possible, any work which  
they have undertaken.

The writer of the offending article did  
not, we feel sure, intend to do any in-  
dividual city official an injustice. It was  
a criticism of the municipality as a  
whole—of the slovenly methods which  
have been tolerated by citizens of  
Greensboro when a small town who have  
not yet realized that it is a progressive  
growing city. The rubbish was there  
and the natural inference was that the  
city was responsible. It never occurred  
to the writer of the article in question  
that any private citizen would be guilty  
of such a breach of good manners, to  
say the least of it, especially as there  
is an ordinance against such practices.  
The criticism was just—not severe  
enough in fact, the only mistake being  
that it was not directed against the pro-  
per parties. The reporter for the Civic  
Department, who writes this column  
from time to time, has endeavored to  
be just to every one and is sorry that  
this misunderstanding occurred. And with  
this explanation the incident is closed.

And now a word about the city wag-  
ons and trash piles in general. The fact  
that the city maintains wagons and  
drivers for this purpose and proposes  
to haul refuse of any and every kind  
for a mere trifle—only five cents a bar-  
rel, it is the duty of every loyal citi-  
zen to patronize them in preference to  
the private dray, driven by careless driv-  
ers who are responsible to no one and  
who get rid of their load at the earliest  
opportunity, regardless of whose prop-  
erty they abuse or what fair landscape  
they blot and blur. To educate the peo-  
ple to a higher standard of municipal  
pride—to awaken and emphasize a due  
sense of individual civic responsibility,  
is the object of the civic department of  
the Woman's Club, and while what has  
been done seems small and insignificant  
when compared with the wonderful pos-  
sibilities for the future, its influence  
has been felt and an impression made.  
Among other municipal sores which agi-  
tation has brought to a head, this ques-  
tion of a city dumping ground is soon  
to be settled, and while not able at pre-  
sent to install an incinerating plant, the  
rubbish will be burned in a furnace con-  
structed to meet immediate needs.

A sanitation committee from the civic  
department is looking after the sanitary  
conditions of public buildings and has  
distributed one thousand cards request-  
ing people not to spit on the sidewalk  
or in public places. These have been  
placed in store windows, street cars and  
one shown on the canvas of moving pic-  
ture shows. This committee is asking  
our grocers to keep fruits, meats and  
vegetables protected from flies, dirt and  
contamination of various kinds.

The health committee is making a  
fight for clean business places, encourag-  
ing by their patronage those merchants  
who best appreciate the meaning of pure  
food.

The civic extension committee is in cor-  
respondence with a number of towns  
with a view to organizing civic leagues.  
It has already given helpful suggestions  
in two instances.

The park improvement committee has

organized and had incorporated a play  
ground and kindergarten association  
with a view to establishing playgrounds  
in different parts of the city for the gen-  
eral development of the children, both  
physical and intellectual.

The regular monthly meeting of the  
civic department will be held Tuesday  
morning, November 8, at 10:30 o'clock in  
the assembly room of the Carnegie li-  
brary, and it is hoped that every mem-  
ber can be present.

## GASOLINE EXPLODES AND NEGRO FLEES.

Jumped From Second Story Window,  
When the Explosion Occurred.

A pan of gasoline in a pressing club  
over the Five Point Drug Store was  
placed in too close proximity to a hot  
fire yesterday morning and in conse-  
quence thereof a blinding flash of flame  
and a terrific report followed. Rodney  
Payne, colored, who was busily engaged  
in pressing a suit at the time did not  
think of the formality of going but  
went. He leaped through the nearest  
window, carrying glass and sash, and  
landed on the street. In the fall he  
broke one arm in two places and besides  
was badly bruised.

An alarm was turned in from box 52  
and the four hose companies arrived  
practically at the same moment. How-  
ever, the fire did little damage as the  
flames died out as soon as the gasoline  
was consumed. Several garments in the  
pressing club caught meantime and a  
can of chemicals was used to ex-  
tinguish the fire. It is thought  
that the entire damage will be under  
\$100. However, had the fire gotten a  
start it would have no doubt given the  
firemen a tussle.

five thirty o'clock to receive the pieces

partment. The prizes are splendid and  
the work will all be new and attractive.

thirty on Wednesday to enter your

## MAJOR STEDMAN MONDAY NIGHT.

Democratic Nominee For Congress Will  
Close Campaign In Greensboro.

Major Charles Manly Stedman, Demo-  
cratic candidate for Congress, will close  
his campaign tomorrow night, at which  
time he will address the voters of the  
city and county in the court house.  
Major Stedman's ability to make a cam-  
paign speech is well known to Greens-  
boro people and he will no doubt be  
heard by a crowded house.

Major Stedman has waged a vigorous  
campaign and that he will receive a  
handsome majority over his opponent,  
Mr. Blair, is not to be doubted. In his  
address tomorrow night he will discuss  
the issues he will deal with when serving  
the people of this district in Congress.  
The speaking will begin at eight o'clock.

## Final Performance of Fete In Flower- land.

The second presentation of Fete In  
Flowerland was given last night to only  
a fair-sized audience. As on the night  
before the performance was quite cred-  
itable. Miss Frances Harry was award-  
ed the ring given by Schiffman's jewelry  
store for selling the largest number of  
tickets while the perfume bottle given  
by Bernau for the best acting was  
awarded to little Fontaine Willson.

formerly pastor of the First Presby-  
terian church and he will be heard with  
pleasure by many of his former congre-  
gation. Dr. Smith will leave the middle

## THE CANDIDATES AT COURT HOUSE

Greeted by Good Sized  
Crowd Last Night.

Democratic Nominees Discuss Issues—  
Logical Speech by Col. Hobgood, Can-  
didate For State Senator—The Speak-  
ers Given Close Attention of Audience  
—Close Campaign At High Point Mon-  
day Night.

The Democratic county candidates  
spoke in the court house last night be-  
fore a number of the Democrats of the  
city. Fully a hundred were out to hear  
the issues discussed and several times  
the speakers were applauded. The prin-  
cipal speech was by Col. Hobgood, can-  
didate for the State Senate, who pre-  
sented the issues of the campaign in a  
brief but comprehensive manner.

County Chairman Sherrill presided and  
introduced the candidates. Sheriff B. E.  
Jones was the first speaker and he told  
of the manner in which the office of  
sheriff had been conducted during the  
past two years, emphasizing the fact  
that nearly every dollar of the 1909  
taxes have been paid in. Mr. W. H.  
Rankin, candidate for register of deeds,  
was the next speaker and he was en-  
thusiastically received. Treasurer G. H.  
McKinney was then called upon and he  
told of the methods employed in ac-  
counting for the funds of the county,  
the books showing where every dollar is  
expended.

Candidate for Clerk J. W. Forbis was  
the next speaker and he discussed the  
principles of the Democratic party and  
said that he had been criticized for say-  
ing that our Christian civilization de-  
pended on the success of the Democratic  
party. He declared that if the Republi-  
cans were to get in power and do as  
they did when last in control unless they  
were speedily thrown out Christian civi-  
lization in the State would be doomed.

Candidate for Representative J. Ed.  
Kirkman spoke briefly, pointing out the  
fact that the Republicans are striving  
to regain possession of the ballot box in  
the State and if they succeeded then the  
corruption that had characterized former  
Republican administrations would again  
predominate, he said. He urged the peo-  
ple to wake up.

Col. Hobgood, candidate for senator,  
was the final speaker and while he spoke  
for only a few minutes he said a great  
deal. Every word he spoke rang true  
and struck the mark intended. He de-  
clared that the application of the Demo-  
cratic principles was the only solution  
to the problem now facing the people of  
this country. The mission of the Demo-  
cratic party is to stand guard over the  
rights of the people and to break the  
shackles that bind the people by crush-  
ing them in the interests of a favored  
few. The people are the ones affected  
and they must apply the remedy, he  
said. The men elevated to offices of  
trust will be just as honest as the  
people who elect them require that they  
be; the officeholders are no better than  
the people they serve, declared Col. Hob-  
good. The speaker closed with a brief  
discussion of the tariff.

The candidates pledged their best ef-  
forts if elected.

The county candidates close the cam-  
paign in High Point Monday night.

Wood. The stock was worth about \$9-

## WOMEN TO ELECT.

In Pittsburgh They Will Have Model of How It Goes.

New York Press.

Pittsburgh women are going to vote next Tuesday. Their ballots may not be counted for Governor, but nevertheless they are going to cast their ballots just the same as the men do. Provision has been made by Mrs. Masters, president of the Women's Suffrage Constitution Amendment League of Pennsylvania. She has arranged, with the support of her organization, to have a polling place in Penn avenue, near Highland avenue, East Liberty. The object is to demonstrate to mere man that an election can be conducted without the influence of "speakeasies" and "approachers." The women are saying they are getting tired of waiting for Congress to act and they are going to vote. "We will establish this polling place for women," said Mrs. Masters. "Yes, there is going to be everything just exactly like a real polling place, but, of course, the speakeasy around the corner will be conspicuously absent. We will have one judge, two clerks, two watchers, one officer and two inspectors. But this polling place is for women only."

Railway Surgeons Discuss Train Problem at Their Annual Meeting.

New York World.

One hundred members of the New York and New England Association of Railway Surgeons yesterday attended the twentieth annual meeting of the society at the Hotel Astor. Among the various addresses delivered by members of the association, one, talk on Railway Sanitation by Dr. J. W. LeSeur, of Batavia, N. Y., proved to be unusually interesting. Dr. LeSeur discussed ventilation, general cleanliness, and other sanitary needs of both cars and depots.

In discussing the problem of ventilation he stated that it was in the smaller stations that the need for adequate ventilation was most persistently overlooked. He also intimated that the floor spitting problem was not adequately treated and that the littering of waiting rooms with refuse was due largely to the public carelessness.

In speaking of train sanitation, Dr. LeSeur asserted that conditions on the Continent were far superior to those in America, where heavy plushes and carpets are employed in hangings and upholstery. He condemned the porter's feather duster, already censured by the State Health Department, and hoped for a law prohibiting its use.

Officers elected at the afternoon session were: President, Dr. F. A. Goodwin; First Vice-President, Dr. Walter Lathrop; Second Vice-President, Dr. J. W. LeSeur; Corresponding Secretary, Dr. George Chaffee; Recording Secretary, Dr. C. A. Pease; Treasurer, Dr. J. K. Stockwell.

Marion Butler's explanation of the bond advertisement was a lame one, as the votes will show Tuesday.

Feeling somewhat overwrought about political matters? Then read the article in today's paper headed "Candidates Argue For Each Other" and see if you don't calm down a bit.

Tom Settle has put his o. k. on that local self-government plank, but Col. Lusk is equally as emphatic in his disapproval of the plank. So there you are!

Ex-Senator Butler says he didn't sign his name to that advertisement. Taking his own explanation of the circumstance, he was a long time (from April to January) entering his objection. But of course in arriving at the facts the evidence of an interested witness cannot be accepted. Ex-Senators Butler and Pettigrew are both interested witnesses.

Ex-Senator Marion Butler excuses himself for taking a fee against the State on the ground that he did it only two weeks before his commission expired. A flimsy excuse. A man with the proper regard for his State and having been honored by his State as he had wouldn't have accepted the fee two weeks after his commission expired.

Mr. Butler in his Raleigh speech quoted from an editorial in the News and Observer about giving him rope and exclaimed, "If the rope was around my neck and the noose adjusted, you couldn't get one of those cowards," (he was referring to Josephus Daniels and F. M. Simmons) "at the other end to pull it if the rope was a thousand miles long." Why, no, neither one of the distinguished gentlemen named believes in lynching.

Democrats appreciate Mr. Settle's capabilities as an entertainer as much as anybody but his artful pleadings will fool nobody. The Democrats may have made some mistakes in the administration of State affairs, but the Republicans when in power did incomparably worse. In national affairs, Republican extravagance and Republican government of, for and by the "special interests" deserves to be rebuked and will be. Tuesday will show that the voters appreciate and enjoy the brilliant Settle but firmly decline to follow him.

We think it safe to say that the Democrats won't accomplish in Tuesday's election all that some of the more sanguine of them predict. But we believe that the election will show a disposition of the people generally to turn to the Democracy as a safer instrument for accomplishing their purposes than Republicanism. There is dissatisfaction with Republican administration of affairs and the folks will give tokens Tuesday that this is true, and two years hence they will be still more firmly convinced that it is time for a change.

Success Magazine is out with its Congressional forecast. As a matter of course it predicts that Major Stedman will be elected in this district. But we think the result will show Success to have been thoroughly unsuccessful in its forecast as to the Third which it declares to be doubtful with the probabilities in favor of Faison, the Democratic candidate. The Third will be heavily Democratic. The First, Second, Fourth, Sixth, Seventh and Ninth will elect the Democratic candidate, Success predicts. It declares the Eighth and Tenth doubtful without saying which candidate has the better chance of winning. The summary of the forecast is that in the Sixty-Second

and Congress there will be 188 Democrats and 187 Republicans with the result in 16 districts doubtful. If it pans out thus, we presume that neither party will be in a position to claim a "working majority."

The attention of The Telegram has been called to the following letter which, presumably, has been freely circulated: Greensboro, N. C.

Dear Sir:  
I am writing you in behalf of Mr. C. Clifford Frazier, of Greensboro, candidate for the solicitorship of this the 9th Judicial district of North Carolina.

Your name has been presented to me as one of Mr. Frazier's friends and I therefore take pleasure in inclosing you a ticket in order that you may vote for him at the coming election.

Your acquaintance with Mr. Frazier makes it unnecessary for me to make any statement in praise of him as a lawyer and a gentleman, but I beg to state that in every case in which he has opposed the present solicitor he has succeeded in securing a verdict of "not guilty," with the exception of one, and that was settled by a compromise very favorable to his client.

Hoping that you will not only vote for him but will urge others to do so, I am,  
Yours very truly,  
H. B. WORTH.

Chmn. 9th Judicial Ex. Com.

Enclosed with the letter is a Democratic judicial and county ticket with the name of Samuel M. Gattis for solicitor scratched and that of C. Clifford Frazier written in its place. This is, of course, to make it easy for Democrats who want to vote for Mr. Frazier to do so. No doubt the same letter was sent out in behalf of other Republican candidates who might chance to be popular with a few Democrats. We trust such letters will have no weight. The Democrats have a good, strong ticket from beginning to end. Democrats should vote it straight. This is the year for Republicans to scratch for it is known that many of them resent with all their souls having Butler thrust upon them. In all conscience their provocation is great and they cannot be blamed for showing their resentment. But the Democrats have no such occasion for scratching.

Not Sorry for Blunder.

"If my friend hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c. \$1.00. Trial bottle free. The Daily News and Mr. Lane.

Reidsville Review.

About the limit of so-called journalism in this State has been attained in the Greensboro News. It lodged charges against Mr. Lane, the Democratic nominee for judge of the Eleventh Judicial district who, on account of a realization of the dignity and the sacredness of the office to which he has been nominated, declined to enter a newspaper controversy with that paper after being urged to do so, and then, when one of his friends steps up with a communication denouncing the charges as false, showing that Mr. Lane was not even present when the conduct complained of was alleged to have taken place, the said Greensboro News refused to print the answer and the correction on the grounds that it did not desire to give its space to a political speech by a member of the Democratic party. So long as Republican papers and Republican politicians in this State are guilty of such outrageous practices and conduct that party can never hope to become "respectable."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## LADIES CIGARETTE COLUMN.

### A Neat Device to Protect Babies from Nurse's Smoking.

A neat device to protect young babies from the cigarette smoke of the nurse has just been put on the market. It is made of German silver, and fits over the baby's face without interfering with his breathing.

Yesterday, on one of our principal avenues, a 16-year-old boy, who was running a large auto, courteously stopped in order to permit his mother to light up. This is a slight incident, but it shows that our family life is not always so bad as it is painted.

"Should Lady Typewriters Smoke During Office Hours?" is the title of an illuminating article in one of the business magazines. The question is quite pertinent.

Sybill, the Fifth avenue ladies' tailor, announces a new pocket for matches, specially designed for corpulent ladies, and easily accessible.

One of the late novelties in the jeweler's windows is a combined cigarette case and bridge score card.

To remove cigarette stains from gloves—soak them in a Martini cocktail for 15 minutes and hang up to dry. No bitters.

"I had great difficulty in keeping my cooks," said a lady householder recently, "until I began the practice of supplying them free with cigarettes. It is really inexpensive—only about 20 cents a day—and keeps them contented."

A Western girl's college announces a new course in cigarette smoking for girls over 16. It is claimed that the practice has a quieting effect upon the nerves.

The ladies' smoking room at the Metropolitan Opera House has recently been enlarged and redecorated in the Turkish style. Cigarettes free to box holders.

As ladies no longer leave the table after a dinner party, but remain to smoke, the question is what stories should be told? Etiquette demands something spicy, that is not over coarse. The problem as to how far one can go really is the test of what constitutes a gentleman.

Should a lady smoke in bed? will be considered next week.—Life.

The News Treats Mr. Lane Unfairly.

Reidsville Review.

Mr. Lane's opponent for the judgeship is, we understand, the acting chairman of the Republican executive committee of Stokes county. Mr. Lane has such regard for the dignity of the office to which he aspires he will not condescend to engage in a controversy with a Republican paper which has reflected upon his character basely and outrageously and then denied one of his friends the space in its columns to answer it. The Republicans, pretending to be trying to build up a "respectable" Republican party would lower our judiciary in the slime of peanut politics. In fact, it is apparent to anyone that this is just what the Greensboro News is trying to do.

## NEGRO CHILD IS BURNED TO DEATH

Distressing Occurrence in Negro Suburb of City Yesterday Morning—Child Had Been Left At Home by Adopted Parents, Who Had Gone to Work—Clothes Supposed To Have Caught On Fire.

The adopted child of Martin Bevil, an industrious, colored man who lives in the Warnersville section of the city, was burned to death yesterday morning about 7 o'clock. The entire house occupied by Bevil was burned to the ground and the charred remains of the child were found in the ruins afterwards.

Bevil and his wife had left for the places where they were employed, leaving their adopted child, which was about 8 years of age, alone. Shortly after they left the fire was discovered, but the flames spread so rapidly that in a few minutes the entire house was a mass of flames. It was not known at first that the child was inside.

The origin of the fire is unknown, but it is supposed that the child's clothing caught in some way and it ran about the room in a frightened manner, spreading the flames to the furniture. If the child screamed no one heard it and the probability is that it soon became unconscious.

All of Bevil's personal property was lost and the damage will reach several hundred dollars. The house was owned by Bennett Jackson. The fire was far beyond the reach of the fire department and no alarm was turned in.

### Kept Him Busy.

A surplus quantity of water was discovered in the basement of the passenger station yesterday and the task of getting it out was begun at once. The water was waist deep in places in the basement and while it was supposed that a pipe had burst the water was so plentiful that an examination could not be made. Accordingly a hand pump was manned and the herculean task of getting the water out was commenced. The man pumped and he pumped but the water still flowed as freely as ever. Hundreds gathered and enjoyed to the fullest extent the labors of the man with the pump. However, the water was finally gotten out and the leak repaired.

### Burchar—Crawford.

Yesterday morning at 10 o'clock at the home of Mr. A. R. Crawford, 215 Schenck street, Miss Elva V. Crawford and Mr. George E. Burchar, both of Newport News, Va., were united in marriage. The ceremony was performed by Rev. E. K. McLarty, pastor of West Market Street Methodist church, in the presence of a number of close friends.

## REGULAR MEETING OF WOMAN'S CLUB

Considerable Amount of Business Transacted Yesterday—Fifteen New Members—Enthusiastic Reports From Chairmen of Several Departments.

The Greensboro Woman's Club held its regular monthly meeting yesterday, the session proving unusually interesting.

In the absence of the president, Miss Mary Petty presided, and under the head of new business, several important matters sent up by the executive committee were discussed at length.

The chairmen of the art, civic, educational and literature departments made interesting reports, showing that much effective work was being done. The chairman of the Household Economics department being unavoidably absent, several members of her class volunteered enthusiastic and encouraging words of commendation.

The names of fifteen new applicants were presented and elected to membership, the club having now on its list about one hundred and fifty active members.

Carrying out its idea of strict business methods, a new by law was adopted requiring all former members to pay their annual dues by October 1, and all new members one month after election. This by law will be enforced, and those failing to comply will be dropped from the roll.

The question of a social function was brought up and referred to the ways and means committee.

After the routine business Miss Charlotte Burnett, of Philadelphia, addressed the ladies on educational work, her talk being full of good suggestions and helpful hints along educational lines.

### ADDITION TO GRACE CHURCH

Messrs. Wills Building Needed Room For the Sunday School.

An addition is being made to the Sunday school rooms of Grace M. P. church, the work being well under way. Last week's issue of Our Church Record has the following regarding the addition:

On a recent Sunday morning, Bro. T. A. Hunter, superintendent of the Sunday School of Grace Methodist Protestant church of Greensboro, announced that three brethren had decided to build an addition to the Sunday school rooms. The three brethren to do this handsome thing are J. Norman Wills, Richard Wills, and E. S. Wills. They do this in memory of their mother and aunt (Miss Bettie Norman), but at the same time provide room that has come to be needed in the growth of the Sunday school, and in its more complex organization with Berea and Philanthia classes.

### Superior Court Ends.

The regular term of Guilford Superior Court for the trial of civil cases came to an end yesterday morning. A number of matters were attended to yesterday, several judgments being signed. Friday night the jury in the case of Rebecca J. Heney vs. Southern Railway Company returned a verdict awarding the plaintiff \$600. The amount sued for was \$10,000.

### Wedding Invitations.

Invitations were issued as follows yesterday for the marriage of Miss Etha Ridge and Mr. Wistar Stockard: "My Roxanna Catherine Ridge invites you to be present at the marriage of her daughter, Etha, to Mr. Caspar Wistar Stockard, Wednesday afternoon at twelve-thirty, November sixteenth, Nineteen hundred and ten, W. Market St. Methodist Church, Greensboro, N. C."

How many times has each of us heard this or similar expression! If we go around much we hear it nearly every day. And yet so few of us really take it to heart.

If a young man gets into trouble, a bank account will pull him out. If he gets sick or injured it will pay the doctor's or druggist's bills. If he wants to buy a few shares of stock in the Company for which he works, and thereby strengthen his position, he can do it. All these things, and a hundred more, can be done with a snug bank account—but one must SAVE in order to have that account.

##### The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its budding glory, that a cancer fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spurs the suffering; she is a veritable source of pleasure and reward, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair deterioration is now known to be a germ or parasite that burrows into the hair follicles. Nowhere's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed.

#### A DAY IN POLITICS

Parker, Roosevelt, Gaynor and Root Figure in the Events.

Washington Post. Judge Parker, replying to Senator Root's "most astounding address," declares the Senator's ultimatum is "Accept your chains or feel the lash." He calls on the voters to cut out the "cancer of Rooseveltism."

In a speech at Albany, with the "old guard" leaders present, Secretary Nagel points to Mr. Taft as the one logically selected to fulfill Colonel Roosevelt's policies.

Colonel Roosevelt on his way Westward, promises to answer John A. Dix's attack, remarking that Mr. Dix "has grown valorous the moment I left the State."

Speaking at Rome, N. Y., Secretary Wilson holds that the protective tariff has been of direct benefit to the farmer. Mayor Gaynor, denying he ever favored the nomination of Justice Keogh for Governor, tells Republican Chairman Prentice to "pray to God every morning" to be directed into the truth.

Dr. C. A. L. Reed, who two years ago was a Republican candidate in Ohio for Senator, predicts the reelection of Governor Harmon, but says this will not affect the popularity of President Taft. He attributes the troubles within the Republican party in Ohio, as elsewhere, to Theodore Roosevelt.

#### Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50 c. at Fariss-Klutznick Drug Co.

#### Due to Breakfast Foods.

Predictions that the horse must go were filed years since, but the interest in the hay and oats crops has not abated in the least.—Washington Star.

Mr Otto Paul, Milwaukee, Wis., says: Foley's Honey and Tar is still more than the best. He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." Howard Gardner.

#### "Pins and Needles."

After being for a long time in a constrained attitude a peculiar numbness and pricking are often felt in the arm, leg or foot. This is caused by some interruption to the circulation and can usually be removed by rubbing or exercise. The reason of the sensation, which is decidedly uncomfortable while it lasts, is that pressure for a certain length of time deadens the sensibility of a nerve. When this pressure is suddenly removed, as straightening out the leg after sitting with it doubled underneath the body, sensibility gradually returns to the nerve, and as each nerve fiber composing the trunk regains its normal condition of sensibility a pricking sensation is felt, and these successive prickings from the successive awakenings of the numerous fibers have not inaptly been called "pins and needles."

#### The Prayer That Hurt.

A member of a certain Massachusetts parish prominent for his thrift and personal consequence was also notorious for his overbearing assumptions and pompous airs. Under the distress and fright of a dangerous illness he "put up notes" on several successive Sundays, and after his recovery, according to usage, he offered a note to be read by the minister expressive of his thanks. The minister was somewhat "large" in this part of his prayer, recalling the danger and the previous petitions of the "squire" and returning his grateful acknowledgments with the prayer that the experience might be blessed to the spiritual welfare of the restored man. He closed with these words:

"And we pray, O Lord, that thy servant may be cured of that ungodly strut, so offensive in the sanctuary."

#### Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises, and piles. 25c. at Fariss-Klutznick Drug Co.

#### No Cause Required.

"What was the cause of the quarrel with your husband?"  
"I want you to understand, judge, that when we want to fight we don't have to have a cause."

#### A Household Medicine.

To be really valuable must show equally good results from each member of the family using it. Foley's Honey and Tar does just this. Whether for children or grown persons Foley's Honey and Tar is best and safest for all coughs and colds. Howard Gardner.

### HOW TO CURE RHEUMATISM

It is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING with Oils and Liniments WILL NOT CURE, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will not more cure rheumatism than paint will change the color of rotten wood.

Science has at last discovered a perfect and complete cure, which is called RHEUMACIDE. Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and \$1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent by mail.

For sale by Howard Gardner, Druggist.

There is a good three roomed house on said lot.

## CANDIDATES ARGUE FOR EACH OTHER

Nobody Wants To Be Justice of the Peace In Indiana District and Nominees Tell Tales on Themselves.

Muncie, Ind., Nov. 5.—Because nobody wishes to be justice of the peace in Delaware township, in which Albany, the second city in Delaware county, is situated, the two men named respectively as Republican and Democratic candidates for that office have taken the stump, each in behalf of the other, and what is probably the most humorous political situation of the campaign in Indiana has developed.

To the two candidates for the office it is not a joke, however. Neither man would have the office as a gift. There is no money worth mentioning in the job, and it would interfere seriously with the affairs of both. Therefore, when each candidate goes upon the stump and demands that his opponent be elected, each trying to produce the very best argument in favor of his opponent, there is a lot of fun. It has come to the point now where Isaiah Dudgeon, the Republican, and Joseph Zehner, the Democratic candidate have begun to indulge in personalities, each about himself.

"Why, what would I know about administering justice according to the law?" asked Dudgeon of a large audience. "There is nothing I have against the Democrats, but in this instance I desire to say that I am ready to leave my party and vote for a Democrat. Any party that didn't have any more sense than to nominate me for the position of Justice ought to see elected a man like Zehner even though he is a Democrat."

Zehner's arguments against himself are equally strong.

### Small Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c. at Fariss-Klutz Drug Co.

### Grossly Insulting.

"The way that man looked at me was most insulting," she said. "Did he stare?" asked her brother. "No," he looked once and then turned away as though I was not worth noticing. —Buffalo Express.

It is really wonderful how quickly Vick's Croup and Pneumonia Salve breaks up a cold, croup or pneumonia symptoms. Just rub it on. Keep a jar ready.

### A Problem.

"Jones has been in a deep study for a week; what's wrong with him?" "He's trying to decide whether to go to France and take aviation lessons or to Reno and get a divorce." —Baltimore Sun.

For More Than Three Decades Foley's Honey and Tar has been a household favorite for coughs, colds, and ailments of the throat, chest and lungs, contains no poisons. Sold by Howard Gardner.

### WORLD'S CHAMPION COW.

Chief Josephine Produced 17,008 Pounds of Milk in Six Months.

Horace R. Davis, in the World. The College of Agriculture in the University of Missouri, at Columbia, has raised and developed the champion dairy cow of all the world, Missouri Chief Josephine, a Holstein-Friesian. Josephine's record in all production of milk for six months, 17,008.8 pounds, exceeded the previous world's record for six months by 1,450 pounds. The 17,008.8 pounds of milk, which she gave in six months, gives her an average of 93.4 pounds of milk daily for 182 days. This is equivalent to 46.7 quarts or 11.6 gallons, every day. Her highest record for one day is 110.2 pounds, about 36 quarts or 14 gallons of milk, more than the average healthy dairy cow gives in a week. She gives more milk in two months than most cows give in a year. One can better comprehend the enormity of the bulk of this cow's production when he realizes that, though large as she is—weighing 1,370 pounds at the end of her six months' test—Josephine produces more pounds of milk in six months than 12 times her own weight, more than twice her weight in milk each month; or, if you please, her own weight in milk every two weeks.

Another way to get at this is to compare her production to the nutrition obtained from beef. According to a bulletin by Clarence Henry Eckles, professor of dairy husbandry at the University of Missouri, Josephine's milk production for six months is equivalent to "more human food than is contained in the carcasses of three steers, weighing 1,250 pounds each." This amount of milk is more than equivalent to the nutrition obtained from 5,000 pounds of round steak.

Josephine eats nothing which has not been thoroughly tested and analyzed. In order that she may waste no energy in digestion, her feed is ground into a powder and soaked in water before being served to her. Although she consumes daily 132 pounds of this wet feed, besides the alfalfa hay and corn ensilage, she never gets enough. The feed-pail in which she is fed four times every day is "licked clean" each time. Water is the only thing of which she gets enough; she is allowed to drink as long and as much as she wants. Her thirst is quenched every day by at least 270 pounds of water, or about 30 gallons. The water she drinks is warmed to a temperature of about 70 degrees, the condition best suited to milk production.

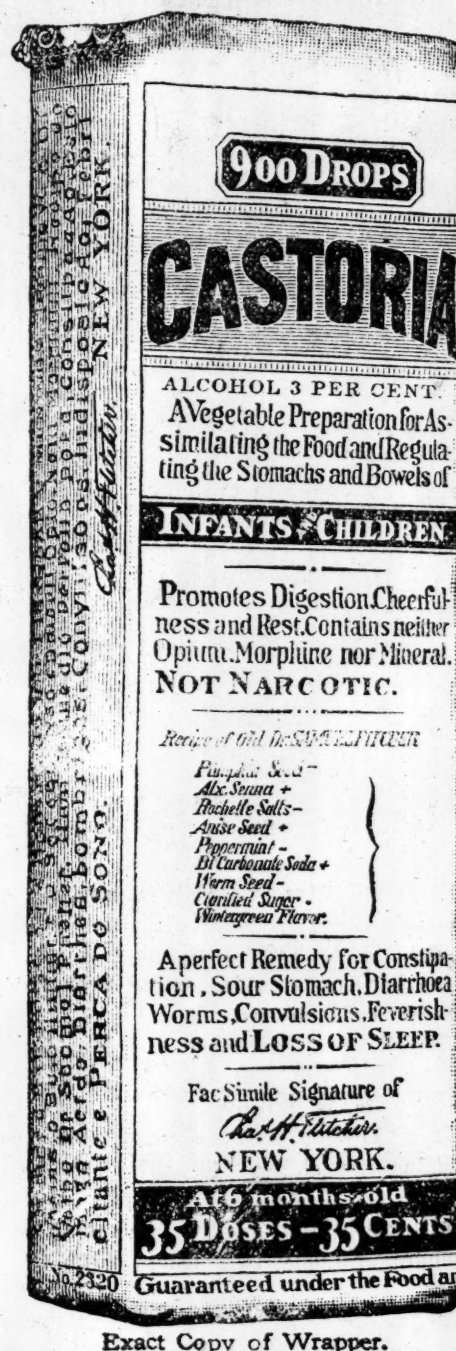

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

The professional sword swallower shouldn't need a tonic to sharpen his appetite.

### The Hearing Postponed.

Raleigh, N. C., November 5.—The Corporation Commission had fixed November 22 as the day for hearing hardware men and representatives of the railroads on the question of the application of the regulation requiring that all stoves and ranges shipped by freight shall be crated for intra-state shipment just as they are now for interstate shipment under the regulations approved by the Interstate Commerce Commission. However the representation is made to the commission now that there is another state that has a hearing as to the same matter before its railroad commission so that the railroad companies cannot have their representatives at both places the same day. For this reason the commission announces a postponement of the North Carolina hearing until some date yet to be announced. Hardware dealers throughout the State, especially wholesalers, are very much opposed to this regulation being made applicable to shipments of stoves to points within the State.

## THE GREENSBORO LOAN & TRUST COMPY

recognized for its conservative policies, offers the security of its vaults for the safe-keeping of wills free of charge. Wills so deposited will be receipted for, a registry made, and in the event of death of the testator will be turned over to the ones authorized to receive them. Any one contemplating making a will—and all people possessed of property should make a will—and naming the Greensboro Loan & Trust Company as executor or trustee, will be furnished the necessary legal advice for drafting such will or codicil to the same, and the regular attorney of the testator, or one of his selection, will be employed in such matter when desired, in conjunction with its own attorneys. Let us explain to you why a responsible Trust Company should be your executor or trustee.

J. W. FRY, President.

W. E. ALLEN, Treasurer.

## A Lucky Man

The lucky man is the man who works diligently and uses careful judgment in handling his money. The richest men in the world were, strange to say, almost the poorest boys. There is no limit to what can be done in accumulating a substantial fortune if prudence and diligence are exercised.
